

## Year 5 Term 2 Term Test Report Supplement

This supplement is only given either on the day or after the term test reports are released. Pre-Uni New College will not be distributing these papers prior to the term test.

This Term Test Report Supplement gives an overview of the specific subtopics and question types from the WEMG Course tested in the Term Test. It aims to:

1. Help parents and students to identify areas of weakness so that they can retrospectively revise those topics from their WEMG textbooks to ensure a thorough understanding of that topic/question type.
2. Give parents and students question examples that they need to revise
3. Highlight the Term Test tests exact subtopics and question types taught in class that term and hence the need to revise WEMG textbooks thoroughly BEFORE the term test to achieve higher marks.

| English - Reading |                                                 |                                                                                                                                                               |
