## OC Foundation Course (OCFC) ONLINE

Opportunity Class Foundation Course (OCFC) will be available in Term 4. It is a special course designed to maximise students' performance in the OC Placement Test next year.

Each week, students attempt the exam style questions – reading tests in one week and mathematical reason & thinking skills tests in another week. Teachers will then provide examples and teach effective techniques for interpreting questions and correct solutions.

The OCFC is unique in a way that it gives students a clear understanding of different question types and provides them with **new 'computer-based' tests** to build up their self-confidence in the OCTTC in the following year and finally the OC Placement Test. The OC Foundation Course provides a very effective springboard for future success and placement in an Opportunity Class.

This course will be delivered ONLINE for the duration of the lockdown.
